Residential

481A WEST MAIN CONDOS, Frisco, CO

Jackpot! If you are looking for the end of the rainbow, this is it! Perfect combination of location, luxury, space and utility. Towards the north end of main street with "in your face" dramatic close up and distant range mountain views coupled with large windows that wrap around to see them you will find your pot of gold. The rooftop deck is the cherry on the top for the 360 degree vistas. Penthouse feel with a spacious kitchen living dining area that is easy to host the whole gang or retreat all by yourself. This kitchen is well appointed, spacious and has a butler pantry as well! There is even a flex room space near the dining area as well. Separation of bedrooms each with their own private bath is another feature to be appreciated. Not only do you have the main penthouse condo with a ground floor entry and an attached garage, but across the driveway, also included is a stand alone garage with a half bath and the space above is finished! Bonus room to stash the teenagers or use as an office with the shortest commute on the planet! These are just a few ideas of how this space can be used but needless to say, having this space is sure to come in handy and so will 2 garage spaces! Stepping outside without a vehicle is simple as well. Multiple trails to hike, the bike path that can lead you all over the county including Vail Pass, Ten Mile Creek for the water lovers, and of course Main Street Frisco for shopping, dining and festivities on Main with the marina at the end. The bus stops practically out the

door so you can ski/board Copper Mountain with no parking hassle! Seriously a fantastic opportunity.
