

CHATEAUX 1015

RENTAL ANALYSIS

This property may generate approximately \$64,000 in annual gross rental revenue in a normal snow year, and up to \$81,000 with optimum conditions. It is important to consider that these numbers are averages over time. Through successful marketing campaigns, repeat visitation and referrals, occupancy should increase in subsequent years.

Condominium | Built in 1984 | Area: Peak 9
1,716 Sq. Ft. | 3 Bedrooms | 3 Bathrooms | Capacity: 10

\$81,169 | Epic Weather

\$64,283 | Normal Weather

Rental revenue projections are provided for informational purposes and should not be used to make specific buying or selling decisions. Forecast assumes all properties are seasoned, have a hot tub, modern amenities, are attractive, and well maintained. Monthly revenues are based upon the target rental rate for a given time period multiplied by an established occupancy figure. Factors such as weather, snow and economic conditions may affect actual occupancy levels and/or rates.
